

Title: Management of Confined Spaces

Aim: To provide delegates with an understanding of the risks associated with confined space working and how such risks can be managed.

Objectives: By the end of the training delegates will:-

- Be able to identify confined spaces and categorise them according to the risks involved.
- Understand the regulations that apply and what constitutes a safe system of work.
- Be able to write an appropriate method statement.

Duration: 1 Day

Timing: 09.00 – 16.00 inclusive of break periods

Delegates: Site managers / supervisors responsible for confined space working.

Tutors: Company Safety Trainers with inputs from local senior manager and safety manager.

Delegate / Tutor Ratio: Max 15:1

Evaluation: Through a combination of:-

- Delegate input and discussion during the course
- Practical exercise with review period
- Test paper at end of course
- Post course questionnaire
